# Table of Contents

About the Authors vi  
Preface xv  
Contributors xxx  
Thank You xxii  
Special Features xii

CHAPTER 1 **Nursing: Historical and Current Practice 000**  
History of Nursing 000  
Current Nursing Practice 000  
Roles and Functions of the Nurse 000  
Criteria of a Profession 000  
Factors Influencing current Nursing Practice 000  
Nursing Education 000  
Types of Educational Programs 000  
Nursing Research and Evidence-Based Practice 000  
Health Care Delivery Systems 000  
Types of Health Care Agencies and Services 000  
Providers of Health Care 000

CHAPTER 2 **Health, Wellness, and Illness 000**  
Concepts of Health, Wellness and Well-Being 000  
Models of Health and Wellness 000  
Variables Influencing Health Status, Beliefs, and Practices 000  
Health Care Adherence 000  
Illness and Disease 000

CHAPTER 3 **Legal Aspects of Nursing 000**  
General Legal Concepts 000  
Regulation of Nursing Practice 000  
Contractual Arrangements in Nursing 000  
Selected Legal Aspects of Nursing Practice 000  
Areas of Potential Liability in Nursing 000  
Legal Protections in Nursing Practice 000  
Reporting Crimes, Torts, and Unsafe Practices 000  
Legal Responsibilities of Students 000

CHAPTER 4 **Values, Ethics, and Advocacy 000**  
Values 000  
Morality and Ethics 000  
Nursing Ethics 000  
Specific Ethical Issues 000  
Advocacy 000

CHAPTER 5 **Culture and Heritage 000**  
Cultural Nursing Care 000  
Concepts Related to Cultural Nursing Care 000

Selected Parameters for Cultural Nursing Care 000  
Providing Culturally Sensitive Nursing Care 000

CHAPTER 6 **Critical Thinking and the Nursing Process 000**  
Critical Thinking 000  
The Nursing Process 000  
Assessing 000  
Diagnosing[0] 000  
Planning 000  
Implementing 000  
Evaluating 000  
Documenting and Reporting 000  
Reporting 000

CHAPTER 7 **Vital Signs 000**  
Body Temperature 000  
Pulse 000  
Respirations 000  
Blood Pressure 000  
Oxygen Saturation 000

CHAPTER 8 **Health Assessment 000**  
Physical Health Assessment 000  
General Survey 000  
The Integument 000  
The Head 000  
The Neck 000  
The Thorax and Lungs 000  
The Cardiovascular and Peripheral Vascular Systems 000  
The Breasts and Axillae 000  
The Abdomen 000  
The Musculoskeletal System 000  
The Neurologic System 000  
The Female Genitals and Inguinal Area 000  
The Male Genitals and Inguinal Area 000  
The Rectum and Anus 000  
Diagnostic Testing 000

CHAPTER 9 **Safety and Infection Control 000**  
Factors Affecting Safety 000  
Infection Control 000  
Isolation Precautions 000  
Isolation Practices 000  
Sterile Technique 000  
Role of the Infection Control Nurse 000

CHAPTER 10 **Hygiene 000**  
Hygienic Care 000  
Skin 000  
Feet 000

# Special Features

## ASSESSMENT INTERVIEW

Activity and Exercise 000  
Giving and Removing a Bedpan 000  
Heritage Assessment Tool 000  
Oxygenation 000  
Sleep Disturbances 000

## CLIENT TEACHING

Active ROM Exercises 000  
Administering Medications At Home 000  
Breathing and Coughing Exercises 000  
Client Self-Management of Pain 000  
Controlling Postural Hypotension 000  
Foot Care 000  
Guidelines for Healthy Nutrition 000  
Healthy Defecation 000  
Home Care Activity and Exercise 000  
Home Care and Circulation 000  
Home Care and Fluid, Electrolyte, and Acid–Base Balance 000  
Home Care Oxygenation 000  
Managing Diarrhea 000  
Managing Pain in the Home Setting 000  
Minimal Requirements for Physical Activity 000  
Pelvic Muscle Exercises (Kegel Exercises) 000  
Preparing for Diagnostic Testing 000  
Promoting a Healthy Heart 000  
Promoting Fluid and Electrolyte Balance 000  
Promoting Sleep 000  
Skin Problems and Care 000  
Sleep at Home 000  
Suctioning a Tracheostomy or Endotracheal Tube at Home 000  
Suctioning in the Home 000  
Tracheostomy Care at Home 000  
Using a Bed or Chair Exit Safety Monitoring Device in the Home 000  
Using a Metered-Dose Inhaler 000

Using an Incentive Spirometer 000  
Using Canes 000  
Using Cough Medications 000  
Using Crutches 000  
Using Walkers 000

## CLINICAL MANIFESTATIONS

Circulation 000  
Fever 000  
Hypothermia 000  
Hypoxia 000  
Impending Clinical Death 000  
Insomnia 000  
Malnutrition 000  
Stress 000

## NURSING CARE PLAN

A Client Experiencing Pain 000  
Administering Medications 000  
Deficient Fluid Volume 000  
For a Client at Risk of Postoperative Surgical Site Infection 000  
For a Client with a Complication Due to Infection 000  
For a Client with Imbalanced Nutrition 000  
For A Client With Skin Problems 000, 344  
For Clients at Risk for Impaired Skin Integrity 000  
For Ineffective Airway Clearance 000  
Individualizing Care for Clients with Pain 000  
Risk for Disuse Syndrome 000  
Sleep 000

## PRACTICE TIPS

Administering Medications by Nasogastric or Gastrostomy Tube 000  
Administering Metered-Dose Inhalers and Nebulizers to 000  
Applying Restraints ( 000

Assessing Surgical Wounds (	000
Assessment for Postural Hypotension	000
Bed-Making	000
Caring for Clients with a Venous Access Device	000
Communication during an Interview	000
Documentation	000
Eye Care for the Comatose or Unconscious Client	000
Legal Protection for Nurses	000
Pressure Ulcer Prevention and Treatment	000
Preventing Catheter-Associated Urinary Infections	000
Providing Passive ROM Exercises	000
Reporting a Crime, Tort, or Unsafe Practice	000
Safe Use of Stretchers	000
Steps to Follow after Exposure to Bloodborne Pathogens (Follow Agency Policy for Variations)	000
Supporting Religious Practices	000
Techniques for Therapeutic Communication	000
Vein Selection and Easier Starting of Intravenous Infusions	000
Wheelchair Safety	000

## RESEARCH NOTES

Are Nurses Committed to Medication Error?	000
Can Children Describe Their Own Pain, and How Do Their Descriptions Match Those of Their Parents?	000
Do the Weather Conditions Affect Total Body Water?	000
Does Cultural Background Influence the Perception of Pain?	000
Does Pressure Ulcer Risk Assessment Have an Impact on Hospitalized Patient Outcomes?	000
Does Providing Preoperative Education Reduce Anxiety and Promote Recovery in Open-Heart Surgery?	000
How Do Differences in Social and Religious Culture Affect Delivery of Health Care?	000
How Do Muslim Women Describe their Experiences in Inten- sive Care Units?	000
How do Saudi Arabian Nurses Perceive Nursing Care?	000
How Do Surgical Nurses Perceive Clients Suffering from Pain?	000
How does Parental Smoking Influence the Risk of Respiratory Symptoms among School Boys in Al-Khobar City, Saudi Arabia?	000
Is the Current Nursing Practice of Caring for Patients Receiv- ing Blood Transfusions Sufficient to Prevent the Antici- pated Risks?	000
Is There a Relationship Between Sleep Duration and Quality, Diet, and Hormones of Obesity?	000
Is There a Relationship Between Sleep Duration and Quality, Diet, and Obesity Hormones?	000

What Actions Should be Taken to Combat Obesity and Promote Physical Activity in Arab Countries? (	000
What are Islamic Religious Leaders' Knowledge and Attitudes towards AIDS and their Perception of People Living with HIV/AIDS? (	000
What are Patients' Preferences for Nurses' Gender in Jordan?	000
What are the Distribution and Resistance Trends of Uropathogens in Sharjah, UAE?	000
What are the Factors Associated with the High Prevalence of Obesity in the Eastern Mediterranean Region?	000
What are the Features of Cardiovascular Diseases in Arab Countries?	000
What are the Implications of Physical Inactivity on the Health of the Saudi Society?	000
What are the Most Common Indications for Tracheostomy in the UAE?	000
What are the Prevailing Sleep Patterns and Problems Among School Children?	000
What Challenges to Health Care Delivery do the Differences in Cultural and Religious Beliefs of Arab American Patients Pose?	000
What Factors Affect Elderly People's Acceptance of Home Care and Nursing Homes?	000
What is the Status of Nursing in the Arab World?	000
Would Incontinent Arab Females Seek Health Care?	000

## SKILLS

Adding Medications to Intravenous Fluid Containers	000
Administering a Gastrostomy or Jejunostomy Feeding	000
Administering a Subcutaneous Injection	000
Administering a Tube Feeding	000
Administering an Enema	000
Administering an Intradermal Injection for Skin Tests	000
Administering an Intramuscular Injection	000
Administering Intravenous Medications Using IV Push	000
Administering Ophthalmic Instillations	000
Administering Oral Medications	000
Administering Otic Instillations	000
Administering Oxygen by Cannula, Face Mask, or Face Tent	000
Administering Vaginal Instillations	000
Applying an External Catheter	000
Applying Antiemboli Stockings	000
Applying Restraints	000
Assessing a Peripheral Pulse	000
Assessing an apical pulse	000
Assessing an Apical-Radial Pulse	000
Assessing Blood Pressure	000

Assessing Body Temperature	000	Inserting a Nasogastric Tube	000
Assessing Respirations	000	Insertion of an Oropharyngeal Airway	000
Assessing the Abdomen	000	Irrigating a Wound	000
Assessing the Breasts and Axillae	000	Logrolling a Client	000
Assessing the Ears and Hearing	000	Managing Gastrointestinal Suction	000
Assessing the Eye Structures	000	Measuring Oxygen Saturation	000
Assessing the Eye Visual Acuity and Visual Fields	000	Mixing Medications Using One Syringe	000
Assessing the Heart and Central Vessels	000	Monitoring an Intravenous Infusion	000
Assessing the integument	000	Moving a Client Up in Bed	000
Assessing the Mouth and Oropharynx	000	Nursing Interventions for Clients with Endotracheal Tubes	000
Assessing the Musculoskeletal System	000	Obtaining a Capillary Blood Specimen to Measure Blood Glucose	000
Assessing the Neck	000	Obtaining a Wound Drainage Specimen for Culture	000
Assessing the Neurologic System	000	Oropharyngeal, Nasopharyngeal, and Nasotracheal Suctioning	000
Assessing the Nose and Sinuses	000	Performing Bladder Irrigation	000
Assessing the Peripheral Vascular System	000	Performing Urethral Urinary Catheterization	000
Assessing the Skull and Face	000	Preparing Medications from Ampules	000
Assessing the Thorax and Lungs	000	Preparing Medications from Vials	000
Assisting the Client to Ambulate	000	Providing a Back Massage	000
Assisting the Client to Sit on the Side of the Bed (Dangling)	000	Providing Foot Care	000
Bathing an Adult or Pediatric Client	000	Providing Hair Care for Clients	000
Brushing and Flossing the Teeth	000	Providing Perineal-Genital Care	000
Cardiopulmonary Resuscitation	000	Providing Special Oral Care for the Unconscious Client	000
Changing a Bowel Diversion Ostomy Appliance	000	Providing Tracheostomy Care	000
Changing an Intravenous Container, Tubing, and Dressing	000	Removing a Nasogastric Tube	448
Changing an Occupied Bed	000	Removing, Cleaning, and Inserting a Hearing Aid	274
Changing an Unoccupied Bed	000	Shampooing the Hair of a Client Confined to Bed	272
Cleaning a Sutured Wound and Applying a Sterile Dressing	000	Starting an Intravenous Infusion	409
Discontinuing an Intravenous Infusion	000	Suctioning a Tracheostomy or Endotracheal Tube	371
Donning a Sterile Gown and Gloves (Closed Method)	000	Teaching Moving, Leg Exercises, Deep Breathing, and Coughing	641
Donning and Removing Personal Protective Equipment (Gloves, Gown, Mask, Eyewear)	000	Terminating a Blood Transfusion	419
Donning and Removing Sterile Gloves (Open Method)	000	Transferring between Bed and Chair	333
Establishing and Maintaining a Sterile Field	000	Transferring Between Bed and Stretcher	334
Hand Washing	000	Turning a Client to the Lateral or Prone Position in Bed	329
Implementing Seizure Precautions	000	Using a Bed or Chair Exit Safety Monitoring Device	208
Initiating and Maintaining a Blood Transfusion Using a Y-Set	000
